Below are the three steps to Treaty Law Research.

1. **Find the treaty text in an authoritative source such as:**
   - United States Treaties and Other International Agreements (UST)
   - Treaties and Other International Acts Series (TIAS)
   - Statutes at Large (Stat.)
   - United Nations Treaty Series (UNTS)

2. **Is the treaty still in force? With what parties and reservations?**

3. **Interpret the treaty provisions, with the help of commentaries, judicial decisions, and legislative history.**
