Eskind Library Resources and Literature Searching

Rachel Walden, MLIS
Library Liaison for the School of Nursing
rachel.l.walden@vanderbilt.edu
I can assist with:

• Getting full text access to books or articles
• Helping you create search strategies for our databases so you can find the articles you need
• I can also teach you how to use the biomedical databases and how to be a better searcher
To Get Help

• If you need help either send me an email
  rachel.l.walden@vanderbilt.edu

• Or use the Ask a Librarian button
Nursing Specific Research Guide
(course textbook lists located here)

Go here to find the Nursing Specific Research Guide
Course Textbook Lists

eBooks are hyperlinked

Choose your specialty/program to see your hyperlinked textbook lists by course.

if you come across any link that will not work please email me at rachel.l.walden@vanderbilt.edu

</table>
| P | Patient, Population, or Problem  
|   | • What are the characteristics of the patient or population?  
|   | • What is the condition or disease you are interested in? |
| I | Intervention or Exposure  
|   | • What do you want to do with this patient? (treat, diagnose, observe, etc.) |
| C | Comparison  
|   | • What is the alternative to the intervention? (placebo, different drug, surgery) |
| O | Outcome  
|   | • What are the relevant outcomes? (morbidity, death, complications) |
STAGES OF A LITERATURE REVIEW

- Defining the subject
- Searching the Literature
- Evaluating your results
  - http://prezi.com/blcqydmbrjro/?utm_campaign=share&utm_medium=copy&rc=ex0share
- Analysis and interpretation
Links to Short Training Videos

• PubMed- Use Mesh

• CINAHL- Using CINAHL/MeSH Headings

• Sample PsycINFO Search

Found in the Research Guide: Biomedical Library Training
