Brainstorm Keywords for Searching

1. Write down your topic

   Topic:

2. Spend a few minutes writing down what comes to mind when you ask the following questions. If you can’t think of something for a category, move to the next.

   Who?

   What?

   When?

   Where?

   How?

   Why?

3. Start with this initial list and keep adding to it as you discover terms during your search.
